

# TOP-SHIELD

Design Registration applied for

## ***A top fix guard-rail system.***

***A guard-rail system for direct attachment to profile metal sheet roofing with a pitch of up to 10°.***

***To be read in conjunction with the EDGE-SHIELD leaflet.***

*The base plate comes supplied with a waterproof sealing strip to ensure no ingress of wind or weather, thereby protecting the integrity of the roof, and can be fitted using either 8 stitching screws or rivets.*

*Complies with requirements of the H.S.E. Specialist Inspectors Report No.15, 1988 (now time expired), and also supports guidance contained in HS/G-33 Health & Safety in Roofwork - 1998*
